

HIGH SCHOOL GRADUATES SCHEME

At Supernova, we are giving you great professional opportunities to start your career as an Information Technology consultant, right after finishing High School.

No degree? No Problem!

Our full-time High School Graduates Scheme is designed to help you:

- kick start your career
- complete training while studying towards your SAP Technology certification
- develop your business skills through real client work

We will be there for you every step of the way to provide you with the support you need. You will earn a **competitive salary**, be **coached by our people** who are experts in their field and have the opportunity to **continually progress your career**. Just like our graduate joiners, you'll gain practical **experience with real clients**, which makes a real difference to the world of business.

Benefits

We will sponsor your journey of becoming a SAP Certified Professional. As part of your training contract the following expenses will be fully covered by Supernova:

- Training fees, material and examination fees (for the first attempt of each SAP Certification examination)
- Access to eLearning to help you develop technical, business, soft skills and competences
- Access to professional industry forums.
- Opportunity for undergraduate studies scholarship with local universities in business and/or information technology fields*
- Possibility to be offered, on agreed terms and conditions, undergraduate studies scholarship (full or partial) with local universities in business and/or information technology fields for trainees showing outstanding performance

You will also enjoy benefits such as:

- Hybrid working model (home/office)
- Medical Insurance
- Provident Fund
- Friday afternoon off
- Paid sick leave
- Dress for the Occasion

Required Skills

High Schools Graduates:

- Leaving Certificate with minimum grade 16,5/20
- Advanced Mathematics (Μαθηματικά Κατεύθυνσης) with minimum grade 15/20 or Core Mathematics (Μαθηματικά Κοινού Κορμού) with minimum grade 18/20
- GCSE English or equivalent with minimum grade C or IELTS (Minimum Grade: 6/9)
- LCCI Higher (Merit+) will be considered an advantage

Other Skills:

- Strong IT Skills
- Strong communication, writing, interpersonal skills and being detail-oriented.
- Team oriented
- Commercially aware
